

M490

Automatic hand dryer

High speed hand dryer with a dry time of 10-12 seconds. Equipped with a HEPA filter this unit provides users with a comfortable warm-air hand-drying experience. With a depth of just 100mm, this space-saving hand dryer is compact enough to fit within small wall void spaces and slim enough to be used as a behind-mirror dryer.

HEPA filter	Yes
Drying time	10-12 seconds
Power supply	840-1000W
Tension	220-240V
Frecuence	50/60Hz
Electrical insulation	Classe I
Protection rating	IP24
Weight	4.5kg
Noise rating	69-76.6Db (distance 1 meter)
Security time	60 seconds
Warranty	5 years

Optional accessories

HEPA filter kit MSPG0326-0003

Maintenance

Never use products containing hydrochloric acid, formic acid, acetic acid or bleach containing chlorine. Never use abrasive products or tools (scouring liquid, scouring sponge, dish sponge, stainless steel ball, etc.). Use of any prohibited cleaning or maintenance products or substances could damage the surface of the tap. Only use soap and water when cleaning the surface of the taps and then wipe dry with a clean cloth or towel. When cleaning other areas of the washroom, the faucets should be protected from any splattering of the products that are used.
